

Congratulations Colour Me!

Joan and Clarence Grandbois, owners of Colour Me Minaki Water Designs.

Hand painted silk scarves picked up by the Winnipeg Art Gallery!

Joan and Clarence sell scarves, shirts, beach wraps, cushions and more—all hand painted using Turkish Ebru and Japanese Suminagashi techniques. This artistic style involves floating ink on water and manipulating it into marble-esque patterns, then transferring it to silk. The result is gorgeous and one of a kind, as the same design can't happen twice—Joan has tried!

“It was amazing, the manager of retail operations at the Winnipeg Art Gallery approached our booth last Wednesday and wanted to represent our work in the gallery shop! She was on vacation but they caught her eye - it just goes to show you never know what might happen! We're completely sold out of scarves now but they'll be back soon! Our goal is to continue to make great art that's functional and wearable. We really appreciate the assistance and direction we received from LOWBIC,” says Joan.

Check out their booth at the Farmers Market every Wednesday between 8am and 2 pm or the Winnipeg Art Gallery Shop for some beautiful, wearable art!
