

# LOWBIC Spotlight: Shane's Northern Tire & Auto

"It's an automotive business, we fix all kind of cars and provide services. I think the best part of our business is the vast array of services we can provide to our customers. We do all types of mechanical repairs.

Through LOWBIC, we were able to get a loan that allowed us to purchase our own business. I would definitely recommend LOWBIC to other entrepreneurs that are wanting to start their own business. The staff are extremely helpful throughout the whole process and it was actually a lot quicker than I had anticipated," says Jessica Scott.
